5/28/2025

Dear members, associate members, vendors and supporters,

It is with sincere regret that we inform you of the cancellation of this year's Annual training Conference. The host city, Fallon/Churchill Volunteer Fire Department, has made the difficult decision to cancel due to insufficient registration numbers.

While the news is disappointing to all of us who look forward to the camaraderie, training, and networking the conference brings, the NSFA fully supports the host city's decision and understands the challenges they faced. We extend our gratitude to Fallon/Churchill VFD for their efforts and dedication, and we hope they will consider hosting again in the future.

Refunds for the conference registration will be issued by the host city within a reasonable time frame. We appreciate your patience as they work through that process.

The NSFA will still hold its annual membership meeting as scheduled on Saturday June 28, 2025. We will provide additional information and the Zoom link soon.

Thank you for your continued support and commitment to Nevada's fire service community.
